

# GIBBONS DRIVE PROPOSED PROGRAM A

## PROPOSED PROGRAM TYPES

-  Native Grass & Wildflower Seed
-  Planting Buffer
-  Benches

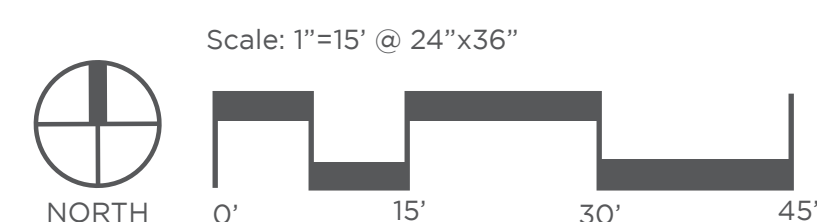

## PROPOSED CIRCULATION

-  Walking Trail  
0.1 mile / 10 laps = 1 mile

## ADDITIONAL AMENITIES

-  Lighting
-  Signage
-  Shade Trees
-  Barrier
-  Entry Portal
-  Trash Receptacle

For all options, the creek corridor will be improved by pruning existing trees, shrubs, and brush, and by removing invasive vegetation and debris from the south side of the creek.

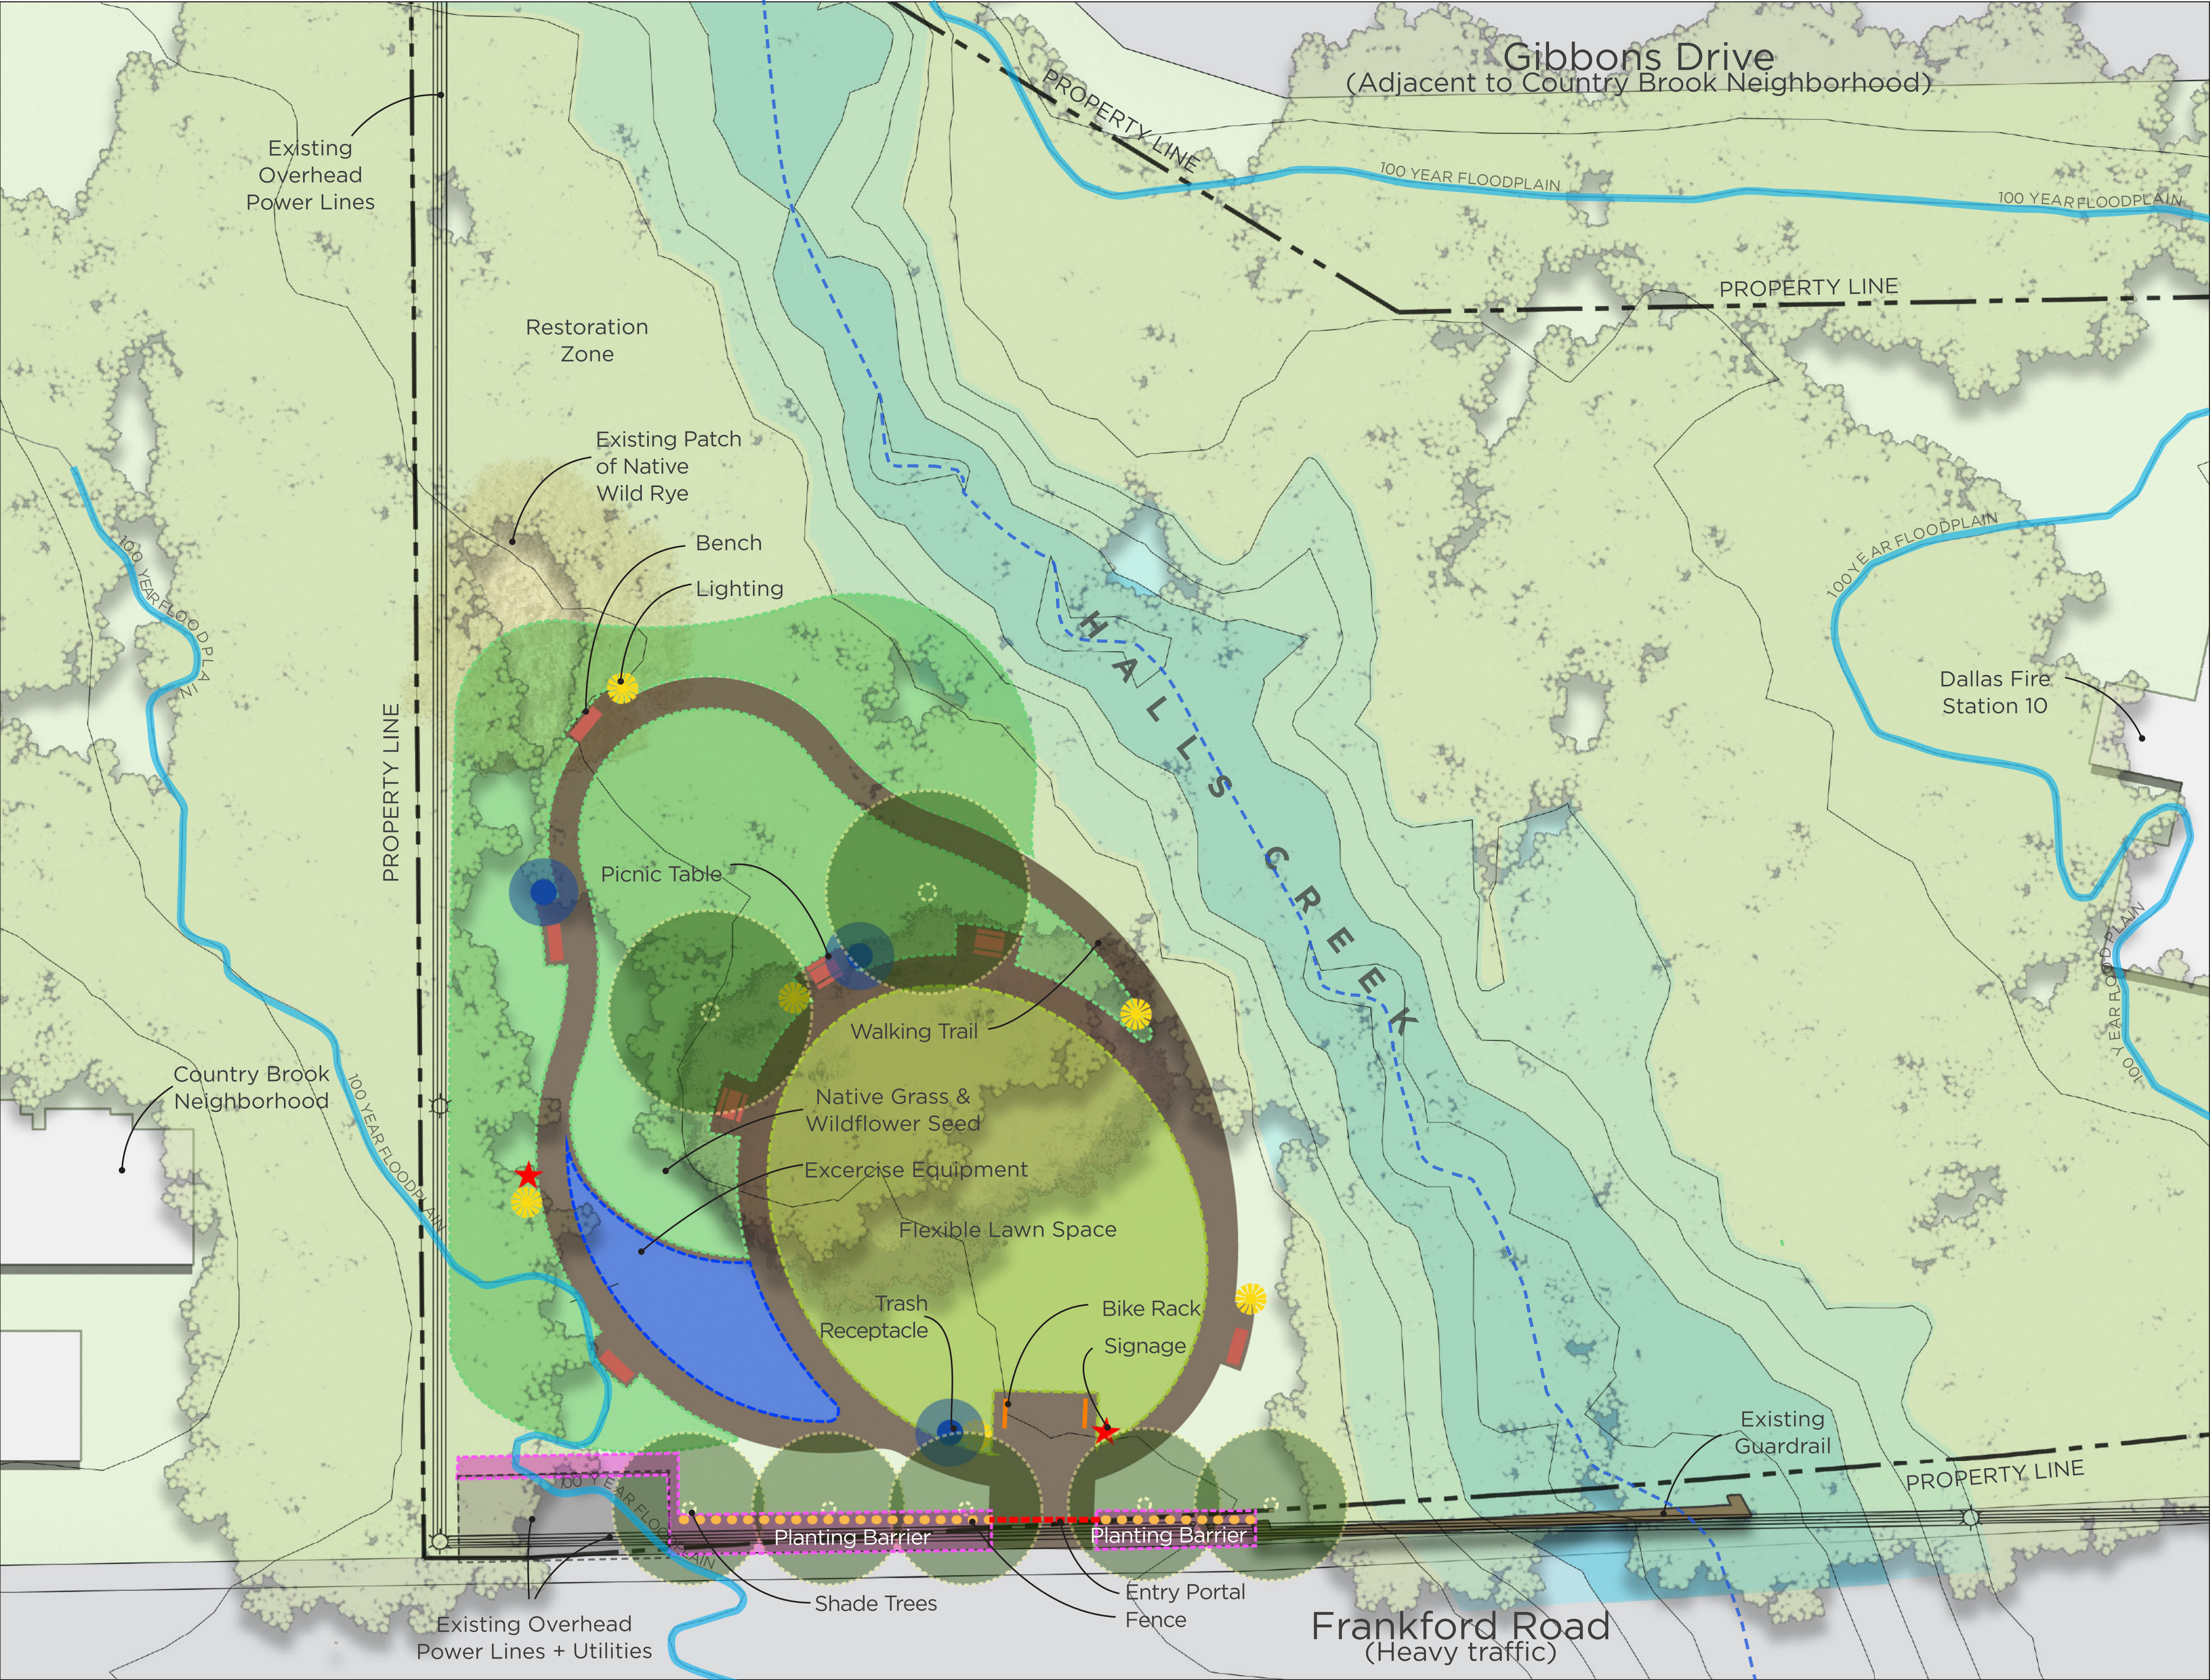

**GIBBONS DRIVE**  
Dallas Greening Initiative, Dallas, Texas

**\*Please note that these program options are conceptual and intended to illustrate possibilities rather than finalized plans. Your feedback will help guide which elements are combined into the final schematic design.**
